### **Introduction**

The following policy sets out the practice approach to the Freedom of Information (Fol) Act by a practice. All requests for information under the FOI Act received by the practice will be dealt with by the Practice Manager

### **Policy**

- The Practice will comply with the Fol Act and sees it as an opportunity to enhance public trust and confidence in the Practice.
- The Practice will maintain a comprehensive 'Publication Scheme' that provides information which is readily accessible without the need for a formal Fol Act request.
- The Practice will seek to satisfy all Fol Act requests promptly and within 20 working days. However, if necessary we will extend this timescale to give full consideration to a Public Interest Test. If we do not expect to meet the deadline, we will inform the requester as soon as possible of the reasons for the delay and when we expect to have made a decision.
- The Practice will continue to protect the personal data entrusted to us, by disclosing it only in accordance with the General Data Protection Regulation 2018.
- The Practice will provide advice and assistance to requesters to facilitate their use of Fol Act. We will publish our procedures and assist requesters to clarify their requests so that they can obtain the information that they require.
- The Practice will work with the NHS England and other bodies with whom we work to ensure that we can meet our Fol Act obligations, including the disclosure of any information that they hold on our behalf.
- The Practice will apply the exemptions provided in the Fol Act and, where qualified exemptions exist, the Practice will disclose the information unless the balance of public interest lies in withholding it.
- The Practice will consult with third parties before disclosing information that could affect their rights and interests. However, according to the Fol Act, the Practice must take the final decision on disclosure.
- The Practice will record all Fol Act requests and our responses and will monitor our performance in handling requests and complaints.
- The Practice will ensure that all staff are aware of their obligations under Fol Act
